Our Story

4 DECADES OF CRAFTSMANSHIP, INNOVATION AND WORLD-CLASS GENUINE LEATHERS

“Kongsiri Tannery” delivers high-quality leathers made with beauty, durability, and uniqueness, by combining the art of craftsmanship and modern technologies with attention to detail.

Founded in 1980, Our family’s tannery business has been continuously developing and becoming one of the leading manufacturers and suppliers of top quality leathers in Thailand, with a workforce of skilled team members.

For generations, we have supplied tons of genuine leathers for a number of world-famous customers, such as five-star hotels, super-luxury brands, international airports, and many other industries.

ENHANCING
THE BEAUTY OF NATURE

Our Leather

Apart from the competence to provide all kinds of hides, we prefer retaining a natural characteristic of real leathers as much as possible, and also eager to enhance them to their best with our tanning and finishing specialty.

Our process is also well-thought-out. We prefer to use full-grain leathers that perfectly preserve the natural grain and texture, and colored with a translucent aniline dye, to reveal and accentuate the natural beauty of the leathers executing by our skillful and highly experienced team of hides specialists.

EXPLORING
AND INVENTING
NEW POSSIBILITIES

Among our highest quality and safety control, we never stop searching, developing, and even experimenting, which supported by our family's accumulated handcraft-techniques and advanced technologies, to make all the impossible possible for customers by one-of-a-kind results.

Time after time, those discoveries turned into our signature expertise, such as our signature soft-touch leathers like no others, and leather dyeing-specialty that allows customers to have any unique and specific shades of color, Which has never been easy when it comes to real leathers.

About the color, we also have selections of special color swatches that are inspired by the diversity of environment and cultures from around the world, which help to inspire customer's imagination.
